

# **Application for Conservation Area Consent for Demolition in a Conservation Area**

*Planning (Listed Buildings and Conservation Areas Act) 1990*

## **1. Applicant Name and Address**

Please enter the Applicant Details, including full name and title. Please also enter the house/flat number and/or name (if applicable) and street name in the Street address field. The town, county, country and full postcode should also be entered.

If the application is being submitted by an agent (i.e. someone who is acting on the applicant's behalf) all correspondence, including the decision letter, will be sent to him/her.

## **2. Agent Name and Address**

Please enter the Agent Details, including full name and title. Please also enter the house/flat number and/or name (if applicable) and street name in the Street address field. The town, county, country and full postcode should also be entered.

If the application is being submitted by an agent (i.e. someone who is acting on the applicant's behalf) all correspondence, including the decision letter, will be sent to him/her.

## **3. Description of Proposed Works**

Please describe the proposal accurately and concisely, and specify whether the proposal involves complete or substantial demolition of unlisted buildings. Please include details of the building(s) or part(s) affected.

Example:

- *removal of front and rear boundary walls*
- *removal of shopfront*
- *demolition of dwelling*

## **4. Site Address Details**

Please enter the full postal address of the site. Enter the house/flat number and / or name (if appropriate) and street name in the Street address field. The town, county and full postcode should also be entered. If the application relates to open ground describe its location as clearly as possible (e.g. 'Land to rear of 12 to 18 High Street' or provide a grid reference).

When you submit a location plan, it is recommended that this is at a scale of 1:1250 or 1:2500, showing at least two named roads and surrounding buildings. The properties shown should be numbered or named to ensure that the exact location of the application site is clear.

The application site must be edged clearly with a red line on the location plan. It should include all land necessary to carry out the proposed development (e.g. land required for access to the site from a public highway, visibility splays (access around a road junction or access, which should be free from obstruction), landscaping, car parking and open areas around buildings).

A blue line must be drawn on the plan around any other land owned by the applicant, close to or adjoining the application site.

All plans must be to a metric scale and any figured dimensions given in metres and a scale bar should be included. Each plan should show the direction of North.

## **5. Related Proposals**

Please provide details of proposals for new buildings or other works on the site which accompany this application. Where a proposal for the same site already has planning permission please provide a description of the proposal and the application reference number.

## **6. Pre-application Advice**

The local authority may be able to offer (possibly for a fee) pre-application discussions before a formal application is submitted in order to guide applicants through the process. This can minimise delays later in processing the application.

Pre-application discussions can also help you and the planning authority identify areas of concern about your proposed development so that you can give consideration to amending your proposal before the application is submitted. The advice and guidance given to you at the pre-application stage is given in good faith. However, it does not guarantee or supply a definitive undertaking as to whether your proposal is likely to be acceptable.

If you have received pre-application advice from the planning service please indicate the reference/date of any correspondence or discussion and the name of the officer. If you do not know these details then please state '*Unknown*'.

This will assist the Council in dealing with your application as quickly as possible.

## **7. Neighbour and Community Consultation**

The Council will consult your neighbours in most circumstances. It is often better to tell your neighbours prior to submitting the application rather than letting the Council's official letter of notification bring the application to their attention for the first time.

## **8. Council Employee/Member**

You must declare whether the applicant or agent is a member of the council's staff, an elected member of the Council or related to a member of staff or elected member of the Council.

## **9. Explanation for Proposed Demolition Work**

Please provide a reasoned justification for the proposed works. In order for the Council to assess an application for demolition properly, it may be necessary to supply additional information such as a structural survey or other analysis of the character or appearance of the area or building. If you need more information please contact your planning authority.

Please note that in a conservation area you do not need consent to demolish a building which does not exceed 115 cubic metres or to take down any wall, gate or fence which is less than 1 metre high where abutting a highway, or less than 2 metres high elsewhere.

## 10. Certificates

An ownership certificate must be completed stating the current ownership of the land to which the application relates under the *Town and Country Planning (Development Management Procedure) (Wales) Order 2012*.

It is an offence, knowingly or recklessly, to complete a false or misleading certificate.

### • **Certificate A - Sole Ownership**

Certificate A should only be completed if the applicant is the sole owner of the land to which the application relates (i.e. the applicant is the freeholder and there are no leaseholders with seven years or more remaining on their leases).

If the application involves a leasehold flat then certificate A does not apply as the applicant is not the sole owner. Therefore, in this circumstance, the applicant should complete certificate B, C or D (see details below).

### • **Certificate B - Shared Ownership (All other owners known)**

Certificate B should be completed if the applicant is not the sole owner but knows the names and addresses of all the other owners (e.g. this certificate will need to be served if the proposals encroach onto adjoining land).

The Notice to Owners ([Notice 1](#)) must also be completed and sent to all known owners.

A copy of the notice must also be sent with the application to the local authority.

### • **Certificate C - Shared Ownership (Some other owners known)**

Certificate C should be completed if the applicant does not own all of the land to which the application relates and does not know the name and address of all of the owners.

The Notice to Owners ([Notice 1](#)) must be completed and sent to all known owners.

Where the owner is unknown the Notice to Unknown Owners ([Notice 2](#)) needs to be published in a local newspaper.

A copy of the notice must also be sent with the application to the local authority.

### • **Certificate D - Shared Ownership (All other owners unknown)**

Certificate D should be completed if the applicant does not own all of the land to which the application relates and does not know the names and addresses of any of the owners.

The Notice to Unknown Owners ([Notice 2](#)) needs to be published in a local newspaper.

A copy of the notice must also be sent with the application to the local authority.

## **11. Planning Application Requirements & Local Level Requirements**

There are two levels of requirements, national and local:

- **National** - Use the checklist to ensure that the forms have been correctly completed and that all relevant information is submitted.
- **Local** - The local planning authority will have produced a document (usually available from their website) which details any specific information that is required to accompany the application in addition to the national requirements.

Failure to complete the form correctly or to supply sufficiently detailed drawings or other relevant supporting information may result in your application being returned as invalid.

## **12. Declaration**

Please sign and date your application.

## **13. Applicant Contact Details**

Please provide contact information for the applicant.

## **14. Agent Contact Details**

Please provide contact information for the agent.

## **15. Site Visit**

Access to the site (i.e. where the works are proposed to take place) may be required by the case officer. Please provide contact details in the event that an appointment needs to be made. This will assist the Council in dealing with your application as quickly as possible.
