

Cwm Taf Regional Collaborative Committee held their quarter 1 meeting on the 22nd May 2018.

Members were pleased with the progress made to explore the potential for regionally commissioning hostel provision across Rhondda Cynon Taf and Merthyr Tydfil. A request for quotation document will be available on the Sell2Wales website between the 17th and 31st July. The successful bidder will begin the feasibility study on September 1st, reporting to the RCC at regular intervals.

The Supporting People Lead Officers from both Local Authorities attended workshops regarding funding flexibilities and potential merging of grants. The RCC remains fully committed to working closely with other grants in line with the pathfinder pilot scheme.

Members took part in a planning session to map out work for the next 12 months.

The next meeting of Cwm Taf RCC will take place on the 4th September.
