REPLACEMENT DEPOSIT LOCAL DEVELOPMENT PLAN 2016 – 2031

MATTERS ARISING CHANGES RESPONSE FORM

We would like your views on the Matters Arising Changes proposed to the Replacement Local Development Plan (LDP) and amended documents which support these (for example the amended Sustainability Appraisal or Habitats Regulations Assessment). The proposed changes to the Replacement LDP are set out in the Matters Arising Changes (MAC) Schedule.

This form should be used for all representations (i.e. comments or objections). Guidance notes for completion are provided overleaf. Electronic versions of this form are available at www.merthyr.gov.uk/ReplacementLDP. **Your representations must be received by the Council by Monday 21st October 2019.**

It is important to note that all comments made in previous LDP consultations have already been considered by the Inspector as part of the Examination. Comments at this stage should therefore only relate to the proposed MACs as this consultation does not provide an opportunity to add to or make new comments to the Deposit LDP.

All of the MAC consultation documents can be viewed on the Council's website www.merthyr.gov.uk/ReplacementLDP, at the Council's Civic Centre and Pentrebach Offices, and at all local libraries during normal opening hours.

PRIVACY NOTICE STATEMENT

Merthyr Tydfil County Borough Council is committed to upholding your privacy rights. We will only use your personal information for lawful purposes. If you would like to find out more about how we use your personal information please read our privacy notices which are available on our website (www.merthyr.gov.uk/council/data-protection-and-freedom-of-information/privacy-notices/). Guidance notes:

- Please submit your response to the Matters Arising Changes to the Replacement LDP, and documents which support the Matters Arising Changes, on this form.
- If you are objecting to a Matters Arising Change, you should say why you think it makes the Plan unsound, and how the Matters Arising Change should be changed to make the Plan sound. If you propose a change to a Matters Arising Change you should consider the implications on the Sustainability Appraisal (SA) and whether any changes would be required to the appraisal. Where proposed changes have significant sustainability effects the representation should include relevant Sustainability Appraisal information.
- Where you are objecting or propose a change to a Matters Arising Change it would be helpful to make clear which test(s) of soundness you believe it fails. Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Matters Arising Changes. Before completing the form, please refer to the soundness tests guidance notes in the accompanying Annex at the end of this form. A list of supporting questions has been provided to help identify which tests of soundness may be the most relevant to your representation. These are a guide only and it is not necessary to answer all supplementary questions provided the most relevant tests of soundness are indicated.
- It would be helpful, but not essential, if separate forms were completed for each comment that you wish to make (for example, for each Matters Arising Change). Alternatively, a separate Part 2 could be completed for each comment, and securely attached to the main form.
- When making comments please use additional sheets as required, clearly numbering each additional sheet.
- Please note all comments will be made publically available.
- When setting out your representation on the Matters Arising Change please include all the information and supporting evidence necessary to support your representation.
- Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the petition has been authorised. The group's representative (or chief petitioner) should be clearly identified.
- Additional representation forms can be obtained from the LDP Team on 01685 725000, or may be downloaded from the Council's website at www.merthyr.gov.uk/ReplacementLDP or you may photocopy this form.
- If you have any questions about responding, please do not hesitate to contact the Planning and Countryside Department, asking to speak with a member of the LDP Team on the above telephone numbers or by emailing devplanning@merthyr.gov.uk.

PART 2: Your Comments on the Matters Arising Changes (Please use one Part 2 section for each comment that you wish to make)

2a. Before you set out your comments in detail, it would be helpful to know whether you think that as a result of the Matters Arising Changes proposed by the Council the Plan is sound and meets the procedural requirements. If you think that the Plan is unsound, which test of soundness do you think it fails? (Please tick) *Further details regarding the soundness tests are provided in the Annex at the end of this form.*

Test 1 <input type="checkbox"/>	Test 2 <input type="checkbox"/>	Test 3 <input type="checkbox"/>
---------------------------------	---------------------------------	---------------------------------

2b. Which Matters Arising Change are you supporting or objecting to? (Please use a separate Part 2 for each change being commented on)

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

2c. Please set out your comments in the space below, using additional sheets if required, clearly indicating which Matters Arising Changes your comments relate to. If you consider that the proposed Matters Arising Changes will not make the Plan sound, please clearly explain your reasons why and what further changes are required. If you propose a change to a Matters Arising Change you should consider the implications on the Sustainability Appraisal. Where proposed changes have significant sustainability effects the representation should include relevant Sustainability Appraisal information. Please indicate in the space provided below if you are submitting additional material to support your comments.

Part 3: What happens next?

At this stage of the LDP process, you can only make comments in writing (these are called 'written representations'). The Inspector may decide that further Hearing Sessions are necessary as a result of the Matters Arising Changes consultation. In the event that additional Hearing Sessions are considered necessary you should indicate on this form whether you would wish to speak at any future Hearing Session(s) in addition to providing written representations during the Matters Arising Changes Consultation. You should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at any future Hearing Session(s).

All representations received by the closing date will be forwarded directly to the Inspector for consideration. Please note that the Council will not be responding to duly made representations.

3a. Do you want your comments to be considered by 'written representations' or do you want to speak at any additional hearing sessions of the Public Examination (where further hearing sessions are considered necessary)? (Please tick)

I do not want to speak at a public hearing and am happy for my written comments to be considered by the Inspector.

Annex – Soundness Tests

The Merthyr Tydfil County Borough Council Replacement Local Development Plan (LDP) 2016-2031 will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

In this context 'sound' may be considered within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are explained in the table below. More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance (2015).

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound. Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails and why. This will help the Authority and the Inspector to understand the issues you raise. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Soundness Tests	
Test 1	<p>Does the Plan fit?</p> <ul style="list-style-type: none"> • Does the plan have regard to national policy? • Does the plan have regard to Well-being Goals? • Is the Plan consistent with regional plans, strategies and utility programmes? • Is the Plan compatible with plans of neighbouring authorities? • Is the Plan compatible with other Council strategies and priorities?
Test 2	<p>Is the Plan appropriate?</p> <ul style="list-style-type: none"> • Is it appropriate for the area in the light of the evidence? • Is it locally specific? • Does it address the key issues? • Is it supported by robust, proportionate and credible evidence? • Can the rationale behind plan policies be demonstrated? • Does it seek to meet assessed needs and contribute to the achievement of sustainable development? • Are the vision and the strategy positive and sufficiently aspirational? • Have the 'real' alternatives been properly considered? • Is it logical, reasonable and balanced? • Is it coherent and consistent? • Is it clear and focused?
Test 3	<p>Will the Plan deliver?</p> <ul style="list-style-type: none"> • Is it likely to be effective? • Can it be implemented? • Is there support from the relevant infrastructure providers both financially and in terms of meeting relevant timescales? • Will development be viable? • Can the sites allocated be delivered? • Is the plan sufficiently flexible? • Are there appropriate contingency provisions? • Is it monitored effectively?
