

Early Years Support

Support for children's wellbeing is a key focus within the early years service and it is maybe useful when a child starts school to understand what support they may have already accessed, wellbeing support includes;

- implementation of WellComm assessment and strategies for all Flying Start children from 20 months until they attend school;
- Availability of Early Language Development opportunities across the County Borough from 3 months until the child attends school – this includes 1:1 support and home visiting;
- Children benefit from attending childcare provision that takes part in the Healthy and Sustainable Pre-schools Scheme;
- All Flying Start childcare and education providers are delivering the Elsa programme;
- Graduated response for children requiring additional support;
- Transition arrangements for children moving into Nursery including enhanced transition for children with additional needs.

Alternatively, if you didn't want to include all this detail you may like to include;
