Proof of Eligibility to Work in the UK

All new applicants are required to provide proof of eligibility to work in the UK. This can be done in one of two ways:

1. By providing document(s) from this list <https://www.merthyr.gov.uk/media/3007/right-to-work-documents.pdf>
2. By providing their 'share code' to enable the Licensing Department to carry out a check using the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should provide as part of the application process their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth, will allow the licensing authority to carry out the check.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service will be required to submit documents from the above link.

Proof of Eligibility to Work in the UK

The Finance Act 2021 introduced tax checks as part of applications to renew licences for taxi and private hire drivers and private hire operators from 4th April 2022.
