As some requirements in the Schedules refer to the frequency with which certain foods must or must not be provided by reference to a week, regulation 6(5) provides that where a school is only open for part of a week the number of times food must or must not be provided should continue as if it were open for the whole week.

Regulation 7 and Schedule 5 prescribe requirements that must be met in relation to drinks.

Under Regulation 8 food or drink provided at times outside of school breakfast or school lunch (such as at break time) must comply with the requirements in Schedule 5 or 6.

Schedule 3 sets out requirements relating to food that must be provided, or must not be provided, as part of school lunch in primary and secondary schools.

Schedule 4 requires a calculation to be made for a school or a group of schools to ensure that the correct amount of energy and nutrients is contained in an average school lunch.
