

Labour Llafur

What Matters to You - Matters to Me

Roy Bish

I am proud and honoured to be selected by the Labour Party to stand for Vaynor.

My surname will be familiar to anyone who worked at Hoover in its heyday, as my father Ernie Bish, was Chairman of the Union and my uncle, Billy Bish was Convenor.

As you can imagine, I have had quite the Socialist upbringing! This has a major bearing on how I view society.

Originally from Penydarren, I attended Pen Y Dre High School. After several periods of employment within industrial laboratories, I decided to pursue a career in nursing.

I was fortunate enough to do my training then secure a Staff Nurse post in the Paediatric Department at Prince Charles Hospital. I progressed to the role of Charge Nurse before retiring after 33 years serving the NHS.

Although retired from the NHS, I currently work part-time as a steward in the Motorpoint Arena in Cardiff, which I enjoy enormously. It is stress-free and as anyone who knows me will tell you I love music!!

My pledges to you.... I will:

- Stand up for **all** residents of Cefn Coed, Trefechan and Pontsticill;
- Hold regular street surgeries throughout the ward;
- Be a voice for you as part of the Labour team on Merthyr Tydfil County Borough Council;
- With our MS and MP, constantly monitor and liaise with the contractors constructing the A465 Heads of the Valleys Road;

A message from Roy

Politics matters and having a Labour Councillor in a Labour led council will make a difference to people's lives and I want to encourage all voters to become more involved and motivated in this process.

Please use your vote wisely on May 5th and choose Labour because Merthyr Tydfil deserves better.

Merthyr Tydfil, a town steeped in political history should not be governed by a Council that has needed external help and support from the Senedd to carry out its basic functions! A Labour Council, united by common shared values and principles, will govern effectively and successfully for all the residents of our town.
