

Penydarren Ward

My name is David Isaac and I am 60 yrs old. I am married to Deborah who is a nurse at PCH Hospital, I have 5 grown children. My mother when growing up lived in Church St. and worked in John Phillips shop - many residents may know her as Betty Isaac nee Price. My dad, Bryn, was a carpenter and I joke that he must have worked in every house in Penydarren and Galon Uchaf, before passing away in 2016. 2022 is a landmark year for myself, as after 37 years I retired from the Welsh Ambulance Service. I served as a rapid response paramedic. This role involved

responding to the most critical 999 calls before the arrival of a conveying ambulance. If elected, I intend to throw myself fully into the role as Councillor as I believe the role needs full time commitment.

I have had the privilege of serving the residents of the ward for the last ten years, with the further honour of having served as Mayor in 2015 /16. I have been a school governor for Ysgol Santes Tudful, and currently sit on Gwaunfarren school board.

The covid years have been devastating for our community, with many residents losing loved ones and interruptions to the normal functions of council.

I look forward if re-elected to reintroducing my fixed and street surgeries and look forward with my colleagues, Kevin Gibbs and Jamie Scriven, to putting right the injustices this independent council have imposed on the residents of this Borough.
