

# PENYDARREN WARD

Simon has lived in Merthyr Tydfil all of his life and owned and worked in Ryan's News on Roberts Avenue, a Newsagent and general store within the community over 15 years. Sandra his partner works at Bookers Cash & Carry with one daughter Bethany and two Grandsons who he loves to bits.

Simon has been a Governor in Pant School for 10 years and a Director of Merthyr Tydfil Football Club for 5 years , a club at the heart of Merthyr. Simon currently works as a contract Taxi Driver.

Simon is very active within the community, regularly visiting those in need of company and a chat to combat those who are isolated within our communities. He has looked after his father for over two years until his death from Dementia. Simon is now keen that Merthyr develops strong vision for Dementia within Merthyr Tydfil.

Simon will be a strong voice for the Ward and has been motivated to stand for Council, because he sees the lack of representation by those current councillors tasked with speaking up for residents. The current councillors have either abandoned that responsibility or will not stand up for you because of Political Party rules. The issue of the School being threatened to be built on the Greenie has been a real eye opener.
